**Our Magnum Promise – To provide the best return on your investment**

Magnum Power Products full line of equipment offers a large variety of features and options to meet your distinct needs.

Built to be reliable and durable, Magnum's equipment is designed and tested for the most extreme environments. From the heat of the desert to the cold of the arctic, Magnum equipment performs when you need it.

We understand that you need more than just good equipment. At Magnum Power Products, a knowledgeable customer service team stands ready; you will always find a live person to address your needs direct from our Wisconsin factory.

Magnum's experienced technical service team is available 24/7/365. Always ready with reliable support and tried and true expertise. With a promise of same day shipping on in-stock parts, we share

your sense of urgency to keep equipment up and running.

You will be confident in the knowledge your Magnum equipment is backed by an industry-leading warranty and the Magnum team.

We also know your needs are NOW. Magnum places priority on fast response times and quick shipment of all standard equipment models from inventory. And when your needs are non-standard, Magnum excels at designing and building equipment to your exact specifications. Unlike others, Magnum delivers what you need when you need it.

We appreciate your business and work hard every day to fulfill our promise to you.

**CUSTOMER DRIVEN • UNSURPASSED VALUE**

**GENERATORS • LIGHT TOWERS  
 PUMPS • WATER TRAILERS**

RELIABLE • FLEXIBLE • AVAILABLE • DURABLE

**BUILT IN WISCONSIN, USA  
 CUSTOMER SUPPORT 24/7/365**

**MLT LIGHT TOWER SERIES**

**Magnum Light Towers**

Built and designed for the most extreme environments

**Reliable • Easy to Use • Durable**

- 4-stroke diesel engine, liquid cooled
- Marathon generator
- Low oil/high temp. automatic shutdowns
- Protective start limit breaker
- Ballast indicator lights
- 120V and 240V convenience outlets
- Large fuel tanks for extended hour run times
- Full tubular steel frame trailer
- 30' all-steel mast; 360° rotation
- 4-point outrigger stance; withstands winds up to 65 mph
- 4-1000 watt metal halide oval lights; covers up to 5-7 acres

MLT 5080KV, MLT 4150MV,  
MLT 5200IV, MLT 5250IV

**NEW Solar Hybrid Light Tower**  
MLT 4000S

- 780 watts solar power
- Hybrid power - sun & liquid propane
- Smart Start Mode for performance on overcast days
- NEW Vertical Mast
- NEW LED Light Fixtures

**MMG FLIP-HOOD GENERATORS**

**Revolutionary Generator Design**

**Flip-Hood, Flip-Tongue Generator 18kW – 26kW, 3 phase prime output**

**Increased Performance**

**Larger fuel tanks—longer run times**

**Flip-Hood – Better Serviceability**

- Flip-Hood aluminum enclosure provides unobstructed access to all of the generators internal components, ideal for daily operator checks and routine maintenance
- Centrally located control panel positions all electrical components for easy access and diagnostics

**Flip-Tongue – Increased Shipping/Storage Efficiencies/Theft Prevention**

MMG 25  
MMG 35

**MMG GENERATORS**

**Magnum's MMG diesel generator with four-door design**  
**Built for durability and high performance**  
**62kW – 373kW 3 phase prime output**

Engineered for industrial and construction sites, oil and mining operations, auxiliary power

- Industrial grade diesel engine
- Minimum 24 hour runtime at full load
- NEW Power Zone Controller or analog controls
- Aluminum enclosure for long lasting durability
- Integrated steel skid
- Voltage selection flexibility
- Cold Climate Package

**MLG LITE GENERATORS**

**Magnum Lite Generator Series**

**Cost Effective Solution for Mobile Power**

- 9kW – 20kW 1Ø (MLG 8, MLG 15, MLG 20)
- 16kW 1Ø / 20kW 3Ø (MLG 25)

Limited availability of Tier 3 Flex engines - Call factory for details

**MTP TRASH PUMPS**

**Magnum Diesel Trash Pumps – Wet & Dry Priming**  
**Designed to work around the clock**

Pioneer pump end; reliable performance • 110 gallon fuel tank; over 24 hour run times • Available; to fit your pump needs

Open Design (MTP 4000S, 6000S, 4000D, 6000D)

- 4" and 6" Suction/Discharge diameter
- Pump capacity range: 940 – 3050 gpm
- Handles up to 3" solids
- Head capacity range: 140' – 165'

Flip-Hood Enclosure (MTP 4500FH, 6500FH)

- 4" and 6" Suction/Discharge diameter
- Pump capacity range: 1940 – 3050gpm
- Handles up to 3" solids
- Head capacity range: 154' – 165'
- CP750 Digital Controller
- Sound attenuated for residential areas

Dry Prime - Open Design 4" & 6"  
MTP 4000D, MTP 6000D  
1940 – 3050gpm • 154' – 165' TDH

Wet Prime - Open Design 4" & 6"  
MTP 4000S, MTP 6000S,  
1150 – 1720gpm • 140' – 165' TDH

Flip-Hood Enclosure 4" & 6" Dry  
MTP 4500FH, MTP 6500FH

**WATER TRAILERS**

**MWT 500 Water Trailer**

Non-potable water supply for agriculture, and landscaping, dust control for municipalities and construction sites

- 500 gallons non-potable water
- 2" pump 137gpm
- Hoses included

**COMBINATION UNITS**

**Single Unit Solution for Power • Light • Water**

MTT 20 and MTT 25  
Combination Light Tower,  
Generator & Water Trailer

- POWER – Single or Three Phase
- LIGHT – 4,000 watts
- WATER – 500 gallons

**MCP DIAPHRAGM PUMPS**

**Durable • Reliable • Trusted Quality • Built to Last**

**2" Gas, electric powered**  
Handles up to 1.4" spherical solids

**3" Gas, electric or diesel powered**  
Handles up to 1.7" spherical solids
